

ECON 2123, L8: Macroeconomics

1. TEACHING ARRANGEMENT

- Following the current guideline (<https://covid19info.hkust.edu.hk/teaching-arrangements-winter-and-spring-terms-202223>, accessed on Jan 14, 2023), the default teaching mode is **in-person on campus, including proctored midterm and final exams**.
- Course recordings will be provided using Zoom's cloud recording. However, the teaching mode is **NOT** mixed-mode.
- Proctored midterm and final **exams** will be held **on campus** for all students.

2. WHO ARE THE INSTRUCTORS?

General Information

- Instructor: Byoungchan Lee ([bclee@ust.hk](mailto:bcleec@ust.hk))
- Section Time and Location (3 Units)
 - Wed 1:30 – 2:50 PM, LSK 1011
 - Fri 1:30 – 2:50 PM, LSK 1011
- Office hours: Mon 11:00 AM – 1:00 PM, LSK 6068
- Course Website: <https://canvas.ust.hk>

Teaching Assistant

- TBA
 - T8: Fri 9:30 – 10:20 AM, LSK 1010
 - Office hours: TBA
- Weekly Tutorials
 - In tutorials, we will review course material, sharpen analytical techniques, and cover exercise questions.
 - The first tutorials will be held in the week of Feb 13-17.

3. WHAT IS THIS COURSE ABOUT?

Course Description

This is an introductory course to macroeconomics. It covers business cycles in a closed economy, aggregate fluctuation in an open economy, and economic growth. This course deals with theory, data, and economic policies to develop a balanced perspective on the real-world economic environment.

We define major macroeconomic variables, such as gross domestic product, price level, and unemployment rate. Then, we will investigate how the goods and money markets move in the short run (IS-LM). Building on the IS-LM model, we include the labor market and prices into the analysis and develop the IS-LM-PC framework for the short and medium run. Using the theoretical framework, we study what can be done by a fiscal authority and a central bank to stabilize macroeconomic fluctuations. We will also extend our framework to open economies and investigate the interactions of domestic macroeconomic variables with exchange rates, trade, and foreign economic conditions. Finally, we will study the long-run trends in output, i.e., economic growth.

Required Textbook

- Blanchard, Olivier (2021), *Macroeconomics*, 8th ed., Pearson.
- Chapters from the textbook will be assigned as readings. You are expected to read them.
- Because this textbook's 7th and 8th editions are substantially different from the previous editions, you are strongly advised to have the recent editions.

References

This list is only for those who find macroeconomics fascinating and want to study further in the future. They are not included in the required readings.

Learning Outcome – School Intended Learning Outcomes (“SILOs”)

Upon successful completion of this course, you should be able to:

- 1) Identify important macroeconomic variables and understand their relationships; (SILO # 4.1)
 - 2) Gather and organize the relevant macroeconomic information for a given context; (SILO # 7.2)
 - 3) Apply tools learned in class to analyze some historical and current macroeconomic events. (SILO # 4.2)
 - 4) Understand the operation of open economy and exchange rate related topics. (SILO #6.1)
 - 5) Discuss the consequences of a macroeconomic shock or a policy shock; (SILO # 4.3)
 - 6) Develop an appreciation for macroeconomics and a desire to continue further study. (SILO # 9)
- For the details of SILOs, please refer to the following link:
<http://www.bm.ust.hk/sbmlern/eng/thirdcat.php?sid=5&thirdid=3>

Course Outline and Tentative Schedule

- I. Introduction and Measurement (Chapters 1 and 2): Weeks 1-2

 - II. The Short Run
 - a. The Goods Market and The IS Relation (Chapter 3): Week 3
 - b. Financial Markets and The LM Relation (Chapter 4): Week 4
 - c. Goods and Financial Markets: The IS-LM Model (Chapter 5): Week 5

 - III. The Medium Run
 - a. The Labor Market (Chapter 7): Week 6
 - b. The Phillips Curve, the Natural Rate of Unemployment, and Inflation (Chapter 8): Week 7
 - c. From the Short to the Medium Run: The IS-LM-PC Model: Week 8

 - IV. The Short Run in an Open Economy
 - a. Openness in Goods and Financial Markets (Chapter 17): Week 9
 - b. The Goods Market in an Open Economy (Chapter 18): Week 9
 - c. Output, the Interest Rate, and the Exchange Rate (Chapter 19): Week 10

 - V. The Long Run (if time permits)
 - a. The Facts of Growth (Chapter 10): Week 11
 - b. Saving, Capital Accumulation, and Output (Chapter 11): Week 12
 - c. Technological Progress and Growth (Chapter 12): Week 12
- This section of ECON 2123 will NOT cover the Aggregate Supply and Aggregate Demand (AS-AD) model. Following the revision of the textbook, we will instead study the IS-LM-PC model.

 - The following chapters will also be covered in depth in Managerial Macroeconomics (ECON 3024): The extended IS-LM model (Chapter 6), the Phillips curve (Chapter 8), the IS-LM-PC model (Chapter 9), expectations (Chapters 14-16), and exchange rate regimes (Chapter 20).

4. ASSESSMENT / EXAMS / PROBLEM SETS

Assessment Scheme

Problem Sets	20%	4 problem sets
Midterm	40%	In-class, March 22, Wednesday
Final	40%	TBA

- Attendance to lectures and tutorials is not mandatory but strongly recommend.

Exam, Review Session, and Regrading policy

- The final exam is cumulative but focuses on the materials discussed after the midterm.
- We will hold a review session before each exam (Mar 17, May 5). There will be no lessons on April 5 (Wed) and 7 (Fri).
- If there is an issue that prevents you from taking an exam, please contact the instructor BEFORE the exams.
- Regrading policy. If you believe that there is an error in the grading,
 - you can file a formal, typed regrading request to your TA. The request should list the question you want to be regraded and an explanation of why.
 - The request should be emailed to your TA within 7 days after the exam is returned.
 - The TA reserves the right to regrade the entire exam. Scores may increase or decrease as a result.
 - The TA further reserves the right to reject any request for fewer than 3 points.

Problem Sets

- We will have four problem sets, and all of them will be counted toward the letter grade.
- Working in groups is welcome and recommended. However, each student should submit individually written reports.
- Late submissions will not be accepted.
- Graded problem sets will be returned through Gradescope. An invitation will be sent to your HKUST email account.

5. WHEN YOU HAVE QUESTIONS OR SUGGESTIONS

Email policy

- Please add [Econ 2123] in the title line of your email. It may take up to 2 or 3 days to respond in busy times like exam periods.

Office Hours

- Time and Location: Mon 11 AM – 1 PM, LSK 6068.
- If you are not available during the time above, we can arrange a separate meeting. Alternatively, we can talk before or after lessons.
- You can also meet the TA's during the TA's office hours.
- Questions asked right before the due dates of problem sets and exams may not be answered.

6. STUDENT COUNSELING

Many students experience personal and family problems, as well as emotional difficulties, such as depression, suicidal thoughts, and anxiety, while in college. The Counseling and Wellness Center is available to consult with you regarding various emotional health issues that may affect you or your friends. The Counseling and Wellness Center is in Room 5003, Academic Building (via Lift 3). You can also make an online appointment with student counselors. Outside office hours, you can call 8208 2688, which is a 24-hour helpline for all HKUST students.
