Course Description:

Microeconomics is the study of the choices that individuals and businesses make, the way these choices interact in markets, and the influence of the government. This is a core course for Business School students with prior experience in economics. The course intends to cover the fundamental concepts and tools that are used in microeconomic analysis. In this course, I will show you that economics provides a powerful way of thinking that can help you understand many human and social phenomena and also enrich you in a wide range of career choices.

Textbook:

"Microeconomics, fourteenth edition" written by Michael Parkin, published by Pearson.

Course Intended Learning Outcomes (Course ILOs)

Upon completion of this course, you will be able to:

1. Understand and apply the basic concepts, methodology, and analytical frameworks of microeconomic analysis. (SILO #1, #3)
2. Analyze the decision-making processes of consumers and firms, and apply economic principles to determine optimal strategies. (SILO #1, #3)
3. Analyze and apply theories on markets, including market price determination, the efficiency and fairness of the market system, the conditions under which markets can perform well, and how the market will change in responding to a changing environment. (SILO #1, #3)
4. Evaluate the framework for government intervention in markets, apply it to determine when and how the government should intervene, and assess the impact of relevant policies on market outcomes. (SILO #1, #3)

Assignments and Examinations:

Quizzes and Problem sets:

- You will be assigned 5 quizzes and 3 problem sets during the semester. Quizzes (MCQs only) are assigned on a biweekly basis and submitted on the canvas. Each quiz remains active on the canvas for one week. By default, only one attempt is allowed. Quizzes are credited by submissions.
- Soft copy of the problem sets must be uploaded on canvas before the deadline announced. Suggested answers with detailed explanation will be posted on the Course Website after the deadline of each problem set. Problem sets are credited by submissions and will be randomly checked if irrelevant files are submitted.
- Please note that NO late submissions will be accepted. In case you are sick and cannot submit Problem sets on time, please email TA before the due time with a valid medical or legal document attached. As a result, the completed homework should be uploaded on canvas no later than the first tutorial following the due date.

Midterm and Final Exams:

- There will be Two midterm exams. The midterm exam will cover lecture materials, problem sets and assigned reading (if any).
- The final exam is CUMULATIVE. It may contain multiple-choice, true & false questions and essay-type questions, which require explanation in writing, graph and calculation.

Assessment:

Assessment Activities	Weighting
3 Problem Sets	15%
5 Quizzes	15%
Midterm Exams ((1) and (2))	14%+14%
Final exam (cumulative)	42%

Absence from Midterm and Final Exam:

- If for any reason you are unable to attend the midterm or final exam, you must seek approval of absence from me directly BEFORE the exam. Your request should be supported by valid documents, such as medical certificate issued by a registered medical practitioner. Absence from an exam without prior approval of absence would result in ZERO score.
- There will be **NO** makeup for any Midterm exams. If you miss one midterm exam with a valid excuse and inform the instructor before the exam, the 14% weight will be given to the other midterm exam.
- For students who are absent from the final exam with prior approval, a make-up exam will be arranged. Make-up exam will be scheduled as soon as possible and should be within one week after the official final exam date (to be announced). It is the responsibility for those who request for a make-up exam to ensure their availability. Please NOTE that the instructor has the final discretion on all arrangements of the make-up exam. Students who request for the make-up final exam should comply all the requirements as communicated by the instructor. Failing to meet any requirement may result in a ZERO score.

Academic Honesty and Integrity:

Academic integrity and honesty are key values at HKUST. Please read the information on academic integrity carefully. It is your responsibility to be familiarized with the Academic Honor Code and the

content on the Academic Integrity website. The site address is: <https://registry.hkust.edu.hk/resource-library/academic-integrity>. The Code will be STRICTLY enforced. I will report any cases to the University WITHOUT EXCEPTIONS. For the University's GenAI policy on teaching and learning, please [click](#) here with ITSC log-in.

Classroom Etiquette:

- You are expected to be punctual for both lectures and tutorials; I will start and end the lecture on time.
- You are welcome to bring your laptop or other devices to lectures for learning purposes.
- Respect the others in class and do not disturb others with side conversation, Internet surfing, emails-checking or instant-messaging during class time.
- No eating in class at any time.
